8:15 am – 9:00 am  Breakfast

8:45 am – 9:00 am  Welcome & Opening Remarks  
Lisa Simpson, President and CEO, AcademyHealth  
Margo Edmunds, Vice President, AcademyHealth

9:00 am – 10:00 am  Panel Presentation: Learning from Experience: The EDM Forum  
Moderator: Margo Edmunds, AcademyHealth  
• Michael Kahn, University of Colorado Denver  
• Philip Payne, Washington University  
• Adam Wilcox, University of Washington  
The EDM Forum was created in 2010 by Academy Health through a cooperative agreement from AHRQ to advance the national conversation on using electronic health data for research and quality improvement. It grew from 11 AHRQ grantees to a community of more than 4,000 people who value collaboration, have mutual respect for diverse expertise, and are committed to continuing to work together on issues related to governance, data sharing, methods and analytics, and dissemination of findings. This panel will discuss the evolution of the EDM Forum, provide an overview of its more than 400 freely accessible analytic products, and highlight plans for sustainability of some of the core initiatives.

10:00 am – 10:30 am  Icebreaker Activity: Mad Tea (Bring business cards)

10:30 am – 10:45 am  Break

10:45 am – 11:45 am  Panel Presentation: Cognitive Computing and Innovative Analytics  
Moderator: Lucy Savitz, Kaiser Permanente Center for Health Research  
• Gurvaneet Randhawa, National Cancer Institute, NIH  
• Juergen Klenk, Deloitte  
• Jose Morey, IBM Watson Research  
• Rasu Shrestha, University of Pittsburgh Medical Center  
This panel will discuss ways that electronic data and big data analytics are driving the transformation of the healthcare delivery system. Panelists will provide examples of the ways that implementation challenges with cognitive computing and digital innovations have led to changes in behavior and organizational culture.

11:45 am – 12:45 pm  Lunch & Speaker (Introduction by Robin Newhouse, Indiana University School of Nursing)  
• Gopal Khanna, AHRQ

12:45 pm – 2:00 pm  Working Sessions  
During these small group breakouts based on areas of interest, we will encourage attendees to discuss and react to the day's presentations and think about future collaborative activities, including future Concordium meetings.

Topics & Moderators  
• Patient Centered Outcomes/Consumer Perspective (Patricia Franklin, University of Massachusetts Medical School and Mark Gorman, Patient Advocate & Cancer Survivor)  
• Embedded Researchers (Becky Yano, UCLA School of Public Health and VA Los Angeles HSR&D Center of Innovation)  
• Analytics and Data Science (Gurvaneet Randhawa, National Cancer Institute, NIH)  
• Telehealth and Health Information Exchange (Joy Lewis, Kaiser Permanente, Institute for Health Policy)  
• Private Sector Partnerships (Seiji Hayashi, Human Diagnosis Project)
Break

Working Session Report Out

Panel Presentation: Using Data to Promote Health Equity

Moderator: Eliseo Perez-Stable, NIMHD
- Barbara DeBuono, 3M Health Information Systems
- Brenda Battle, University of Chicago Medicine
- Philip Alberti, Association of American Medical Colleges

The influence of social, economic, and environmental factors on health is well-documented, but there are challenges in moving evidence about disparities into actions that promote health equity. This panel will discuss some promising approaches and new data sources to promote population and community health.

Sponsor Perspectives on the Day

Moderator: Margo Edmunds, AcademyHealth
- Denise Hynes, VA Information Resource Center
- Mark Olszewski, Philips
- Hon Pak, 3M Health Information Systems
- Lucy Savitz, Kaiser Permanente, Center for Health Research

Closing Remarks
- Margo Edmunds, AcademyHealth
